The University Services and Facilities Building was extended by Coleman & Fairburn. Structural steel framing was erected over the existing carpark, particleboard flooring was laid over steel joists, brickwork and compressed fibre cement was used for the walls. Internal partitions were constructed from steel studs, plasterboard and fixed glass. Laminated Tasmanian Oak stair treads were fixed to steel stringers. Stainless steel handrails with painted steel balusters complete the stairs.

## MACQUARIE UNIVERSITY Extension to Y6A Building

EDUCATION

**LOCATION** Gate I Culloden Road North Ryde

**YEAR** 1998

**BUDGET** \$780,000
