This new Day Surgery Centre was built adjacent to the existing Operating Theatre, and the Theatre had to remain fully functional at all times. This was achieved by careful programming and using the Hospital's one week Christmas shutdown for connection of services and installation of connecting doorways.

Other work carried out by Coleman & Fairburn at the same hospital include:

|                               |           |
|-------------------------------|-----------|
| Extensions to Maternity Ward  | \$250,000 |
| Alterations to the West Wards | \$32,000  |
| New Obstetric Unit            | \$818,000 |
| Door Widening program         | \$107,000 |

## NEW DAY SURGERY CENTRE
